For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

ANIMAL. Any mammal, reptile, amphibian, fish, bird (including all fowl and poultry) or other member commonly accepted as a part of the animal kingdom. Animals shall be classified as follows:

(1) **DOMESTIC ANIMALS.** Those animals commonly accepted as domesticated household pets. Unless otherwise defined, domestic animals shall include dogs, cats, caged birds, gerbils, hamsters, guinea pigs, domesticated rabbits, fish, non-poisonous, non-venomous and non-constricting reptiles or amphibians, and other similar animals.

(2) **FARM ANIMALS.** Those animals commonly associated with a farm or performing work in an agricultural setting. Unless otherwise defined, farm animals shall include members of the equine family (horses, mules), bovine family (cows, bulls), sheep, poultry (chickens, turkeys), fowl (ducks, geese), swine (including Vietnamese pot-bellied pigs), goats, bees, ratitae (ostriches and emus), farm raised cervidae (caribous and mule deer), llamas and alpacas and other animals associated with a farm, ranch, or stable.

(3) **NON-DOMESTIC ANIMALS.** Those animals commonly considered to be naturally wild and not naturally trained or domesticated, or which are commonly considered to be inherently dangerous to the health, safety, and welfare of people. Unless otherwise defined, non-domestic animals shall include:

(a) Any member of the large cat family (family felidae) including lions, tigers, cougars, bobcats, leopards and jaguars, but excluding commonly accepted domesticated house cats.

(b) Any naturally wild member of the canine family (family canidae) including wolves, foxes, coyotes, dingoes, and jackals, but excluding commonly accepted domesticated dogs.

(c) Any crossbreeds such as the crossbreed between a wolf and a dog, unless the crossbreed is commonly accepted as a domesticated house pet.

(d) Any member or relative of the rodent family including any skunk (whether or not descended), raccoon, squirrel, or ferret, but excluding those members otherwise defined or commonly accepted as domesticated pets.

(e) Any poisonous, venomous, constricting, or inherently dangerous member of the reptile or amphibian families including rattlesnakes, boa constrictors, pit vipers, crocodiles and alligators.

(f) Any other animal which is not explicitly listed above but which can be reasonably defined by the terms of this section, including but not limited to bears, deer, monkeys and game fish.

AT LARGE. Off the premises of the owner and not under the custody and control of the owner or other person, either by leash, cord, chain, or otherwise restrained or confined.

CAT. Both the male and female of the felidae species commonly accepted as domesticated household pets.

DOG. Both the male and female of the canine species, commonly accepted as domesticated household pets, and other domesticated animals of a dog kind.

OWNER. Any person or persons, firm, association or corporation owning, keeping, or harboring an animal.

RELEASE PERMIT. A permit issued by the Animal Control Officer or other person in charge of the pound for the release of any animal that has been taken to the pound. A release permit may be obtained upon payment of a fee to the City Clerk in accordance with the regular license requirement if the animal is unlicensed, payment of a release fee, and any maintenance costs incurred in capturing and impounding the animal. The release fee shall be as established in the Ordinance Establishing Fees and Charges adopted pursuant to § 30.11, as it may be amended from time to time.

§ 91.02 DOGS AND CATS.

(A) *Running at large prohibited.* It shall be a violation of this code for the dog or cat of any person who owns, harbors, or keeps a dog or cat, to run at large. A person, who owns, harbors, or keeps a dog or cat which runs at large shall be guilty of a petty misdemeanor. Dogs or cats on a leash and accompanied by a responsible person or accompanied by and under the control and direction of a responsible person, so as to be effectively restrained by command as by leash, shall be permitted in streets or on public land unless the city has posted an area with signs reading “Dogs or Cats Prohibited.”

(B) *Vaccination.*

(1) All dogs and cats kept harbored, maintained, or transported within the city shall be vaccinated at least once every three years by a licensed veterinarian for:

- (a) Rabies - with a live modified vaccine; and
- (b) Distemper.

(2) A certificate of vaccination must be kept on which is stated the date of vaccination, owner's name and address, the animal's name (if applicable), sex, description and weight, the type of vaccine, and the veterinarian's signature. Upon demand made by the City Clerk, the Animal Control Officer or a police officer, the owner shall present for examination the required certificate(s) of vaccination for the animal(s). In cases where certificates are not presented, the owner or keeper of the animal(s) shall have seven days in which to present the certificate(s) to the City Clerk or officer. Failure to do so shall be deemed a violation of this section.

Penalty, see § 91.99

§ 91.03 NON-DOMESTIC ANIMALS.

Except as provided in M.S. § 346.155, as it may be amended from time to time, it shall be illegal for any person to own, possess, harbor, or offer for sale, any non-domestic animal within the city. Any owner of a non-domestic animal at the time of adoption of this code shall have 30 days in which to remove the animal from the city after which time the city may impound the animal as provided for in this section. An exception shall be made to this prohibition for animals specifically trained for and actually providing assistance to the handicapped or disabled, and for those animals brought into the city

as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show or exhibition.

Penalty, see § 91.99

§ 91.04 FARM ANIMALS.

Farm animals shall only be kept on a residential lot of at least ten acres in size provided that no animal shelter shall be within 300 feet of an adjoining piece of property. An exception shall be made to this section for those animals brought into the city as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show or exhibition.

§ 91.05 IMPOUNDING.

(A) *Running at large.* Any animal running at large is hereby declared a public nuisance. Any Animal Control Officer or police officer may impound any dog or other animal found running at large and shall give notice of the impounding to the owner of the dog or other animal, if known. The Animal Control Officer or police officer shall not enter the property of the owner of an animal found running at large unless the officer has first obtained the permission of the owner to do so or has obtained a warrant issued by a court of competent jurisdiction, as provided for in § 10.20, to search for and seize the animal. In case the owner is unknown, the officer shall post notice at the city office that if the dog or other animal is not claimed within the time specified in division (C) of this section, it will be sold or otherwise disposed of. Except as otherwise provided in this section, it shall be a violation of this code to kill, destroy, or otherwise cause injury to any animal, including dogs and cats running at large.

(B) *Biting animals.* Any animal that has not been inoculated by a live modified rabies vaccine and which has bitten any person, wherein the skin has been punctured or the services of a doctor are required, shall be confined in the city pound for a period of not less than ten days, at the expense of the owner. The animal may be released at the end of the time if healthy and free from symptoms of rabies, and by the payment of all costs by the owner. However, if the owner of the animal shall elect immediately upon receipt of notice of need for the confinement by the officer to voluntarily and immediately confine the animal for the required period of time in a veterinary hospital of the owner's choosing, not outside of the county in which this city is located, and provide immediate proof of confinement in the manner as may be required, the owner may do so. If, however, the animal has been inoculated with a live modified rabies vaccine and the owner has proof of the vaccination by a certificate from a licensed veterinarian, the owner may confine the dog or other animal to the owner's property.

(C) *Reclaiming.* For the purposes of this section regular business day means a day during which the establishment having custody of the animal is open to the public at least four consecutive hours between 8:00 a.m. and 7:00 p.m. All animals conveyed to the pound shall be kept, with humane treatment and sufficient food and water for their comfort, at least five regular business days, unless the animal is a dangerous animal as defined under § 91.11 in which case it shall be kept for seven regular

business days or the times specified in § 91.11, and except if the animal is a cruelly-treated animal in which case it shall be kept for ten regular business days, unless sooner reclaimed by their owners or keepers as provided by this section. In case the owner or keeper shall desire to reclaim the animal from the pound, the following shall be required, unless otherwise provided for in this code or established from time to time by resolution of the City Council:

(1) Payment of the release fee and receipt of a release permit as established by the Ordinance Establishing Fees and Charges adopted pursuant to § 30.11 of this code, as that ordinance may be amended from time to time.

(2) Payment of maintenance costs, as provided by the pound, per day or any part of day while animal is in the pound; and

(D) *Unclaimed animals.* At the expiration of the times established in division (C) of this section, if the animal has not been reclaimed in accordance with the provisions of this section, the officer appointed to enforce this section may dispose of the unclaimed animal in a manner permitted by law. Any money collected under this section shall be payable to the City Clerk.

Penalty, see § 91.99

§ 91.06 KENNELS.

(A) *Definition of kennel.* The keeping of three or more dogs on the same premises, whether owned by the same person or not and for whatever purpose kept, shall constitute a “kennel”; except that a fresh litter of pups may be kept for a period of three months before that keeping shall be deemed to be a “kennel.”

(B) *Kennel as a nuisance.* Because the keeping of three or more dogs on the same premises is subject to great abuse, causing discomfort to persons in the area by way of smell, noise, hazard, and general aesthetic depreciation, the keeping of three or more dogs on the premises is hereby declared to be a nuisance and no person shall keep or maintain a kennel within the city.

Penalty, see § 91.99

§ 91.07 BARKING/CRYING/WHINING DOGS.

(A) *Habitual barking.* It shall be a violation of this code for any person to keep or harbor a dog which habitually barks or cries. Habitual barking shall be defined as barking for repeated intervals of at least five minutes with less than one minute of interruption. The barking must also be audible off of the owner's or caretaker's premises.

(B) *Damage to property.* It shall be a violation of this code for any person's dog or other animal to damage any lawn, garden, or other property, whether or not the owner has knowledge of the damage.

(C) *Cleaning up litter.* The owner of any animal or person having the custody or control of any animal shall be responsible for cleaning up any feces of the animal and disposing of the feces in a sanitary manner whether on their own property, on the property of others or on public property.

(D) *Warrant required.* The Animal Control Officer or police officer shall not enter the property of the owner of an animal described in this section unless the officer has first obtained the permission of the owner to do so or has obtained a warrant issued by a court of competent jurisdiction, as provided for in § 10.20, to search for and seize the animal.

§ 91.08 SEIZURE OF ANIMALS.

Any police officer or Animal Control Officer may enter upon private property and seize any animal with the permission of the owner of the property, if that person is also the owner of the animal, provided that the following exist:

(A) There is an identified complainant other than the police officer or Animal Control Officer making a contemporaneous complaint about the animal;

(B) The officer reasonably believes that the animal meets either the barking dog criteria set out in § 91.07(A); the criteria for cruelty set out in § 91.13; or the criteria for an at large animal set out in § 91.02(A);

(C) The officer can demonstrate that there has been at least one previous complaint of a barking dog; inhumane treatment of the animal; or that the animal was at large at this address on a prior date;

(D) The officer has made a reasonable attempt to contact the owner of the animal and the property to be entered and those attempts have either failed or have been ignored;

(E) The Animal Control Officer or police officer shall not enter the property of the owner of an animal described in this section unless the officer has first obtained the permission of the owner to do so or has obtained a warrant issued by a court of competent jurisdiction, as provided for in § 10.20, to search for and seize the animal. If the officer has the permission of the owner, a property manager, landlord, innkeeper, or other authorized person to enter the property or has obtained a pass key from a property manager, landlord, innkeeper, or other authorized person to have that key shall not be considered unauthorized entry, and a warrant to search for and seize the animal need not be obtained; and

(F) Written notice of the seizure is left in a conspicuous place if personal contact with the owner of the animal is not possible.

§ 91.09 ANIMALS PRESENTING A DANGER TO HEALTH AND SAFETY OF CITY.

If, in the reasonable belief of any person or the Animal Control Officer or police officer, an animal presents an immediate danger to the health and safety of any person, or the animal is threatening imminent harm to any person, or the animal is in the process of attacking any person, the person or officer may destroy the animal in a proper and humane manner whether or not the animal is on the property of its owner. Otherwise, the person or officer may apprehend the animal and deliver it to the pound for confinement under § 91.05. If the animal is destroyed, the owner or keeper of the animal destroyed shall be liable to the city for the cost of maintaining and disposing of the animal, plus the costs of any veterinarian examination. If the animal is found not to be a danger to the health and safety of the city, it may be released to the owner or keeper in accordance with § 91.05(C).

§ 91.10 DISEASED ANIMALS.

(A) *Running at large.* No person shall keep or allow to be kept on his or her premises, or on premises occupied by them, nor permit to run at large in the city, any animal which is diseased so as to be a danger to the health and safety of the city, even though the animal be properly licensed under this section, and a warrant to search for and seize the animal is not required.

(B) *Confinement.* Any animal reasonably suspected of being diseased and presenting a threat to the health and safety of the public, may be apprehended and confined in the pound by any person, the Animal Control Officer or a police officer. The officer shall have a qualified veterinarian examine the animal. If the animal is found to be diseased in a manner so as to be a danger to the health and safety of the city, the officer shall cause the animal to be painlessly killed and shall properly dispose of the remains. The owner or keeper of the animal killed under this section shall be liable to the city for the cost of maintaining and disposing of the animal, plus the costs of any veterinarian examinations.

(C) *Release.* If the animal, upon examination, is not found to be diseased the animal shall be released to the owner or keeper free of charge.

Penalty, see § 91.99

§ 91.11 DANGEROUS AND POTENTIALLY DANGEROUS DOGS.

(A) *Adoption by reference.* Except as otherwise provided in this section, the regulatory and procedural provisions of M.S. §§ 347.50 to 347.565 (commonly referred to as the “Dangerous Dog Regulations”), are adopted by reference.

(B) *Definitions.* Definitions in this section shall have the following meanings:

(1) ***DANGEROUS DOG.*** A dog that:

(2) **DOG.** Both the male and female of the canine species, commonly accepted as domesticated household pets.

(3) **GREAT BODILY HARM.** Bodily injury which creates a high probability of death, or which causes serious permanent disfigurement, or which causes a permanent or protracted loss or impairment of the function of any bodily member or organ or other serious bodily harm.

(4) **OWNER.** Any person or persons, firm, corporation, organization, department, or association owning, possessing, harboring, keeping, having an interest in, or having care, custody or control of a dog.

(5) **MAINTENANCE COSTS.** Any costs incurred as a result of seizing an animal for impoundment, including, but not limited to, the capturing, impounding, keeping, treating, examining, securing, confining, feeding, destroying, boarding or maintaining seized animals, whether these services are provided by the city or the pound.

(7) **PROPER ENCLOSURE.** Securely confined indoors or in a securely enclosed and locked pen or structure suitable to prevent the dog from escaping and to provide protection for the dog from the elements. A proper enclosure does not include a porch, patio, or any part of a house, garage, or other structure that would allow the dog to exit of its own volition, or any house or structure in which windows are open or in which door or window screens are the only barriers which prevent the dog from exiting. The enclosure shall not allow the egress of the dog in any manner without human assistance. A pen or kennel shall meet the following minimum specifications:

(C) *Declaration of dangerous or potentially dangerous dog.*

(1) A police officer, community service officer, animal control officer or other authorized city employee may declare a dog to be dangerous or potentially dangerous when the officer has probable cause to believe that a dog is dangerous or potentially dangerous. The following factors will be considered in determining a dangerous or potentially dangerous dog:

(a) Whether any injury or damage to a person by the dog was caused while the dog was protecting or defending a person or the dog's offspring within the immediate vicinity of the dog from an unjustified attack or assault.

(b) The size and strength of the dog, including jaw strength, and the animal's propensity to bite humans or other domestic animals.

(c) Whether the dog has wounds, scarring, is observed in a fight, or has other indications that the dog has been or will be used, trained or encouraged to fight with another animal or whose owner is in possession of any training apparatus, paraphernalia or drugs used to prepare such dogs to fight with other animals.

(2) Beginning six months after a dog is declared dangerous or potentially dangerous, an owner may request annually that the city review the designation. The owner must provide evidence that the dog's behavior has changed due to the dog's age, neutering, environment, completion of obedience training or other factors. If enough evidence is provided, the city may rescind the designation.

(3) *Exceptions.*

(a) The provisions of this section do not apply to dogs used by law enforcement.

(b) Dogs may not be declared dangerous or potentially dangerous if the threat, injury, or danger was sustained by a person who was:

1. Committing a willful trespass or other tort upon the premises occupied by the owner of the dog;

2. Provoking, tormenting, abusing or assaulting the dog, or who can be shown to have a history of repeatedly provoking, tormenting, abusing, or assaulting the dog; or

3. Committing or attempting to commit a crime.

(D) *License required.* The owner must annually license dangerous and potentially dangerous dogs with the city and must license a newly declared dangerous or potentially dangerous dog within 14 days after notice that a dog has been declared dangerous or potentially dangerous. Regardless of any appeal that may be requested, the owner must comply with the requirements of M.S. § 347.52 (a) and (c) regarding proper enclosures and notification to the city upon transfer or death of the dog, until and unless a hearing officer or court of law reverses the declaration.

(1) *Process for dangerous dogs.* The city will issue a license to the owner of a dangerous dog if the owner presents sufficient evidence that:

(a) There is a proper enclosure;

(b) Written proof that there is a surety bond by a surety company authorized to conduct business in Minnesota in the sum of at least \$300,000, payable to any person injured by a dangerous dog, or receipt of a copy of a policy of liability insurance issued by an insurance company authorized to do business in Minnesota in the amount of at least \$300,000, insuring the owner for any personal injuries inflicted by the dangerous dog. Such surety bond or insurance policy shall provide that no cancellation of the bond or policy will be made unless the city is notified in writing by the surety company or the insurance company at least ten days prior to such cancellation;

(c) The owner has paid the annual license fee for dangerous dogs as established in the Ordinance Establishing Fees and Charges adopted pursuant to § 30.11 of this Code.

(d) The owner has had a microchip identification implanted in the dangerous dog. The name of the microchip manufacturer and identification number of the microchip must be provided to the city. If the microchip is not implanted by the owner, it may be implanted by the city at the owner's expense; and

(e) The owner provides proof that the dog has been sterilized. If the owner does not sterilize the dog within 30 days, the city may seize the dog and sterilize it at the owner's expense.

(2) *Process for potentially dangerous dogs.* The city will issue a license to the owner of a potentially dangerous dog if the owner presents sufficient evidence that:

(a) There is a proper enclosure;

(b) The owner has paid the annual license fee;

(c) The owner has had a microchip identification implanted in the potentially dangerous dog. The name of the microchip manufacturer and identification number of the microchip must be provided to the city. If the microchip is not implanted by the owner, it may be implanted by the city at the owner's expense.

(3) *Inspection.* A pre-license inspection of the premises to insure compliance with the city code is required. If the city issues a license to the owner of a dangerous or potentially dangerous dog, the city shall be allowed at any reasonable time to inspect the dog, the proper enclosure and all places where the animal is kept.

(4) *Warning symbol.* The owner of a dangerous dog licensed under this section must post a sign with the uniform dangerous dog warning symbol on the property in order to inform children that there is a dangerous dog on the property. The sign will be provided by the city upon issuance of the license.

(5) *Tags.* A dangerous dog licensed under this section must wear a standardized, easily identifiable tag at all times that contains the uniform dangerous dog symbol, identifying the dog as dangerous. The tag shall be provided by the city upon issuance of the license.

(6) *License fee.* The city will charge the owner an annual license fee for a dangerous or potentially dangerous dog as established in the Ordinance to Establish Fees and Charges as it may be amended from time to time.

(E) *Properly restrained in proper enclosure or outside of proper enclosure.* While on the owner's property, an owner of a dangerous or potentially dangerous dog must keep it in a proper enclosure. Inside a residential home, there must be a secured area maintained where the dog will stay when persons other than family members are present. If the dog is outside the proper enclosure, the dog must be muzzled and restrained by a substantial chain or leash no longer than four feet and under the physical restraint of an adult. The muzzle must be made in a manner that will prevent the dog from biting any person or animal but that will not cause injury to the dog or interfere with its vision or respiration.

(F) *Notification requirements to city.*

(1) *Relocation or death.* The owner of a dog that has been declared dangerous or potentially dangerous must notify the City Clerk in writing if the dog is to be relocated from its current address or if the dog has died. The notification must be given in writing within 30 days of the relocation or death. The notification must include the current owner's name and address, and the new owner's name and the relocation address. If the relocation address is outside of the city, the city may notify the local law enforcement agency of the transfer of the dog into its jurisdiction.

(2) *Renter's obligations.* A person who owns or possess a dangerous or potentially dangerous dog and who will rent property from another where the dog will reside must disclose to the property owner prior to entering the lease agreement and at the time of any lease renewal periods that the person owns or possesses a dangerous or potentially dangerous dog that will reside at the property. A dog owner, who is currently renting property, must notify the property owner within 14 days of city notification if the owned dog is newly declared as dangerous or potentially dangerous and the owner keeps the dog on the property.

(3) *Transfer of ownership into the city.* No dog that has been previously determined to be dangerous or potentially dangerous by another jurisdiction shall be kept, owned or harbored in the city unless the dog's owner complies with the requirements of this section prior to bringing the dog into the city. Dogs in violation of this division are subject to impoundment and destruction.

(G) *Seizure.* Animal control may immediately seize any dangerous or potentially dangerous dog if:

(1) After 14 days after the owner has notice that the dog is declared dangerous or potentially dangerous, the dog is not validly licensed and no appeal has been filed;

(2) After 14 days after the owner has notice that the dog is dangerous, the owner does not secure the proper liability insurance or surety coverage as required or such required insurance is cancelled;

(3) The dog is not maintained in a proper enclosure;

(4) The dog is outside the proper enclosure and not under proper restraint, as required by § 91.11(E);

(5) After 30 days after the owner has notice that the dog is dangerous, the dog is not sterilized, as required by § 91.11(D)(1)(e);

(6) The dog's microchip has been removed.

(H) *Reclamation.* A dog seized under § 91.11(G) may be reclaimed by the owner of the dog upon payment of maintenance costs, and presenting proof to animal control that the requirements of this section have been met. A dog not reclaimed under this division within seven days may be disposed of and the owner will be liable to the city for maintenance costs. A person claiming an interest in a seized dog may prevent disposition of the dog by posting a security in an amount sufficient to provide for the dog's maintenance costs. The security must be posted with the city within seven days of the seizure inclusive of the date seized.

(I) *Subsequent offenses: seizure.* If a person has been convicted of violating a provision of this section, and the person is charged with a subsequent violation relating to the same dog, the dog may be seized. If the owner is convicted of the violation for which the dog was seized, the court may order that the dog be destroyed in a proper and humane manner and the owner pay the maintenance costs. If the owner is not convicted and the dog is not reclaimed by the owner within seven days after the owner has been notified that the dog may be reclaimed, the dog may be disposed of in manner permitted by law.

(J) *Notice, hearings.*

(1) *Notice.* After a dog has been declared dangerous or potentially dangerous or has been seized for destruction, the city shall give notice by delivering or mailing it to the owner of the dog, or by posting a copy of it at the place where the dog is kept, or by delivering it to a person residing on the property, and telephoning, if possible. The notice shall include:

(a) A description of the seized dog; the authority for and purpose of the declaration and seizure; the time, place, and circumstances under which the dog was declared; and the telephone number and contact person where the dog is kept;

(b) A statement that the owner of the dog may request a hearing concerning the declaration and that failure to do so within 14 days of the date of the notice will terminate the owner's right to a hearing;

(c) A statement that if an appeal request is made within 14 days of the notice, the owner must immediately comply with the requirements of M.S. § 347.52, paragraphs (a) and (c) regarding proper enclosures and notification to the city upon transfer or death of the dog, until such time as the hearing officer issues an opinion;

(d) A statement that if the hearing officer affirms the dangerous dog declaration, the owner will have 14 days from receipt of that decision to comply with all other requirements of M.S. § 347.51, 347.515, and 347.52;

(e) A form to request a hearing; and

(f) A statement that if the dog has been seized, all maintenance costs of the care, keeping, and disposition of the dog pending the outcome of the hearing are the responsibility of the owner, unless a court or hearing officer finds that the seizure or impoundment was not reasonably justified by law.

(2) *Right to hearing.*

(a) After a dog has been declared dangerous, potentially dangerous or has been seized for destruction, the owner may appeal in writing to the city within 14 days after notice of the declaration or seizure. Failure to do so within 14 days of the date of the notice will terminate the owner's right to a hearing. The owner must pay a \$100 fee for an appeal hearing.

(b) The appeal hearing will be held within 14 days of the request. The hearing officer must be an impartial employee of the city or an impartial person retained by the city to conduct the hearing.

(c) If the declaration or destruction is upheld by the hearing officer, actual expenses of the hearing up to a maximum of \$1,000, as well as all maintenance costs, will be the responsibility of the dog's owner. The hearing officer shall issue a decision on the matter within ten days after the hearing. The decision shall be delivered to the dog's owner by hand delivery or registered mail as soon as practical and a copy shall be provided to the city. The decision of the hearing officer is final.

(K) *Destruction of certain dogs.* The Police Chief and/or hearing officer are authorized to order the destruction or other disposition of any dog, after proper notice is given pursuant to § 91.11(J) and upon a finding that:

(1) The dog has habitually destroyed property or habitually trespassed in a damaging manner on property of persons other than the owner;

(2) The dog has been declared dangerous, the owner's right to appeal hereunder has been exhausted or expired, and the owner has failed to comply with the provisions of this section;

(3) It is determined that the dog is infected with rabies;

(4) The dog inflicted substantial or great bodily harm on a human on public or private property without provocation;

(5) The dog inflicted multiple bites on a human on public or private property without provocation;

The records of the Animal Control or City Clerk's office shall be admissible for consideration by the Animal Control Officer without further foundation. After considering all evidence pertaining to the temperament of the animal, the City Council shall make an order as it deems proper. The City Council may order that the Animal Control Officer take the animal into custody for destruction, if the animal is not currently in custody. If the animal is ordered into custody for destruction, the owner shall immediately make the animal available to the Animal Control Officer. If the owner does not immediately make the animal available, the Animal Control Officer shall obtain an order or warrant authorizing the seizure and the destruction of the animal from a court of competent jurisdiction.

If the owner is found to have violated the provisions for which the animal was seized, the Animal Control Officer shall order the animal destroyed in a proper and humane manner and the owner shall pay the costs of confining the animal. If the person is found not to have violated the provisions for which the animal was seized, the owner may reclaim the animal under the provisions of § 91.12(J)(3). Each confined animal must be provided a minimum square footage of floor space as measured from the tip of its nose to the base of its tail, plus 25%, expressed in square feet. The formula for computing minimum square footage is: (length of animal plus 25%) times (length of animal plus 25%), divided by 144. A shaded area must be provided sufficient to protect the animal from the direct rays of the sun at all times during the months of May to October.

The City Clerk or other designated person shall keep a record showing the cost of removal adjacent to each separate lot and parcel.

(C) *Public health and safety hazards.* When the city removes or eliminates public health or safety hazards from private property under the following provisions of this chapter, the administrative officer

responsible for doing the work shall keep a record of the cost of the removal or elimination against each parcel of property affected and annually deliver that information to the City Clerk.

(D) *Installation and repair of water service lines.* Whenever the city installs or repairs water service lines serving private property under Chapter 52 of this code, the City Clerk shall keep a record of the total cost of the installation or repair against the property.

(E) *Repair of sidewalks and alleys.*

(1) *Duty of owner.* The owner of any property within the city abutting a public sidewalk or alley shall keep the sidewalk or alley in repair and safe for pedestrians. Repairs shall be made in accordance with the standard specifications approved by the City Council and on file in the office of the City Clerk.

(2) *Inspections; notice.* The City Council or its designee may make inspections as are necessary to determine that public sidewalks and alleys within the city are kept in repair and safe for pedestrians or vehicles. If it is found that any sidewalk or alley abutting on private property is unsafe and in need of repairs, the City Council may cause a notice to be served, by registered or certified mail or by personal service, upon the record owner of the property, ordering the owner to have the sidewalk or alley repaired and made safe within 30 days and stating that if the owner fails to do so, the city will do so and that the expense thereof must be paid by the owner, and if unpaid it will be made a special assessment against the property concerned.

(3) *Repair by city.* If the sidewalk or alley is not repaired within 30 days after receipt of the notice, the City Clerk may report the facts to the City Council and the City Council may by resolution order the work done by contract in accordance with law. No person shall enter private property to repair a sidewalk, except with the permission of the owner or after obtaining an administrative warrant. The City Clerk shall keep a record of the total cost of the repair attributable to each lot or parcel of property.

(F) *Personal liability.* The owner of property on which or adjacent to which a current service has been performed shall be personally liable for the cost of the service. As soon as the service has been completed and the cost determined, the City Clerk, or other designated official, shall prepare a bill and mail it to the owner and thereupon the amount shall be immediately due and payable at the office of the City Clerk. If the bill remains unpaid, after notice and hearing as provided in M.S. § 429.061, as it may be amended from time to time, the City Clerk may list the total unpaid charges along with all other charges as well as other charges for current services to be assessed under M.S. § 429.101 against each separate lot or parcel to which the charges are attributable. The City Council may then certify the charges against the property under that statute and other pertinent statutes to the County Auditor for collection along with current taxes the following year or in annual installments as the City Council may determine in each case.

(G) *Damage to public property.* Any person driving any vehicle, equipment, object or contrivance upon any street, road, highway or structure shall be liable for all damages which the surface or structure thereof may sustain as a result of any illegal operation, or driving or moving of the vehicle, equipment

or object or contrivance; or as a result of operating, driving or moving any vehicle, equipment, object or contrivance weighing in excess of the maximum weight permitted by statute or this code. When the driver is not the owner of the vehicle, equipment, object or contrivance, but is operating, driving or moving it with the express or implied permission of the owner, then the owner and the driver shall be jointly and severally liable for any such damage. Any person who willfully acts or fails to exercise due care and by that act damages any public property shall be liable for the amount thereof, which amount shall be collectable by action or as a lien under M.S. § 514.67, as it may be amended from time to time.

(H) *Assessment.* On or before October 31 of each year, the City Clerk shall list the total unpaid charges for each type of current service and charges under this section against each separate lot or parcel to which they are attributable under this section. The City Council may then spread the charges against property benefitted as a special assessment under the authority of M.S. § 429.101 as it may be amended from time to time and other pertinent statutes for certification to the County Auditor and collection along with current taxes the following year or in annual installments, not exceeding ten, as the City Council may determine in each case.

Penalty, see § 92.99

§ 92.02 TREE DISEASES AND SHADE TREE PEST CONTROL.

(A) *Declaration of policy.* The health of the trees in the city is threatened by shade tree pests, and the loss or ill health of trees growing upon public and private property substantially depreciates the value of property within the city and impairs the safety, good order, general welfare and convenience of the public. In addition to and in accordance with M.S. §§ 89.001, 89.01 and 89.51 through 89.64, as those sections may be amended from time to time, the provisions of this section are adopted to attempt to control and prevent the spread of these shade tree pests.

(B) *Jurisdiction.* The city shall have control of all street trees, shrubs, and other plantings now or hereafter in any street, park, public right-of-way or easement, or other public place within the city limits, and shall have the power to plant, care for, maintain, remove, and replace such trees, shrubs and other plantings.

(C) *Declaration of a shade tree pest.* The Council may declare any vertebrate or invertebrate animal, plant pathogen, or plant threatening to cause significant damage to a shade tree or community forest as defined by M.S. § 89.001, to be a shade tree pest and prescribe control measures to effectively eradicate, control or manage the shade tree pest including necessary timelines for action.

(D) *Public nuisances declared.* A shade tree pest declared by Council occurring within a declared control zone is a public nuisance.

(E) *Shade tree pest nuisances are a violation.* It is a violation of this code for any person to permit any public nuisance as defined in this section to remain on any premises the person owns or controls within the city. The nuisance may be abated as provided in this section.

(F) *Definition of control areas.* Upon declaring a shade tree pest, the Council may define one or more locations within the geographic boundaries of the city to be within a shade tree pest control area provided such locations are characterized by biologic, composition, environmental and size factors favorable to successful application of the control measures prescribed by Council.

(G) *Tree Inspector.* The Council may appoint a Tree Inspector to coordinate the activities of the city relating to the control and prevention of damage by shade tree pests. The Tree Inspector will recommend to the Council the details of any program for the declaration, control and prevention of shade tree pests. The Tree Inspector is authorized to enforce or cause to be enforced the tasks incident to such a program adopted by the Council. The term **TREE INSPECTOR** includes any person designated by Council or the Tree Inspector to carry out activities authorized in this section.

(H) *Abatement of shade tree pest nuisances.*

(1) In abating a nuisance declared by ordinance under divisions (B) and (C), the organism, condition or plant and any tree, wood or material identified as injurious to the health of shade trees shall be removed or effectively treated so as to destroy and prevent as fully as possible the spread of the shade tree pest. Such abatement procedures shall be carried out in accordance with the control measures and areas prescribed by ordinance according to divisions (C) and (K) and (O) .

(2) In addition, should the appropriate abatement procedure be removal and the tree(s) and/or hedge(s) be within the limits of a highway in a rural area within the city's jurisdiction, M.S. § 160.22, as it may be amended from time to time, shall be complied with as necessary.

(I) *Reporting discovery of shade tree pest.* Any owner or occupier of land or any person engaged in tree trimming or removal who becomes aware of the existence of public nuisance caused by a shade tree pest as defined under division (C) shall report the same to the city.

(J) *Registration of tree care firms.* Any person, firm or corporation that provides tree care, tree trimming or removal of trees, limbs, branches, brush, or shrubs for hire must be registered with the Minnesota Commissioner of Agriculture under M.S. § 18G.07, as it may be amended from time to time.

(K) *Inspection and application of control measures.*

(1) The Tree Inspector is authorized to inspect premises and places within the city to determine whether shade tree pests exist thereon and to investigate all reported incidents of shade tree pests. The Tree Inspector is authorized to take all reasonable measures to prevent the maintenance of public nuisances and may enforce the provisions relating to abatement in this section. Diagnosis of shade tree pests may be by the presence of commonly recognized symptoms or by tests as may be recommended by the Commissioner of the Minnesota Department of Agriculture or the Commissioner of the Minnesota Department of Natural Resources or other reliable means.

(2) Except in situations of imminent danger to human life and safety, the Tree Inspector shall not enter private property for the purpose of inspecting or preventing maintenance of public nuisances

without the permission of the owner, resident or other person in control of the property, unless the Tree Inspector has obtained a warrant or order from a court of competent jurisdiction authorizing the entry.

(3) No person, firm, or corporation shall interfere with the Tree Inspector acting under his authority while engaged in activities authorized by this section.

(L) *Standard abatement procedure.* Except as provided in divisions (M) and (O), whenever a Tree Inspector determines with reasonable certainty that a public nuisance as described by this section is being maintained or exists on premises in the city, the Tree Inspector is authorized to abate a public nuisance according to the following procedure.

(1) The Tree Inspector will notify in writing the owner of record or occupant of the premises of such fact and order that the nuisance be terminated or abated. The notice may be given in person or by mail. Failure of any party to receive the mail does not invalidate the service of the notice. A copy of the notice shall be filed with the City Clerk.

(2) The notice of abatement shall state that unless the public nuisance is abated by the owner or occupant, it will be abated by the city at the expense of the owner or occupant. The notice shall specify the control measures to be taken to abate the nuisance, and provide a reasonable amount of time to abate the nuisance. The notice will also state that the owner or occupant has the right to appeal the determination that a public nuisance exists by submitting a request in writing to the City Clerk within seven days after service of the notice, or before the date by which abatement must be completed, whichever comes first.

(3) If no timely appeal is submitted, and the notice of abatement and its prescribed control measures are not complied with within the time provided by the notice or any additional time granted, the Tree Inspector or designated person shall have the authority to obtain permission or an administrative search warrant, enter the property and carry out abatement in accordance with the notice of abatement.

(M) *High cost abatement.* If the Tree Inspector determines that the cost of abating a nuisance will exceed \$5,000 based on a reasonable, good faith estimate, the written notice referred to in division (L) must provide that if the nuisance is not abated within the reasonable amount of time provided, the matter will be referred to the City Council for a hearing. The date, time, and location of the hearing must be provided in the notice.

(N) *Appeal procedure.* If the City Clerk receives a written request for a hearing on the question of whether a public nuisance in fact exists, the City Council shall hold a hearing within seven calendar days following receipt by the Clerk of the written request. At least three days notice shall be given to the individual who made the written request for the hearing. The Council may modify the abatement notice or extend the time by which abatement must be completed. Each owner, agent of the owner, occupant and lienholder of the subject property or properties in attendance, if any, shall be given the opportunity to present evidence at the hearing. After holding the hearing, the City Council may issue an order requiring abatement of the nuisance.

(O) *Abatement procedure in event of imminent danger.*

(1) If the Tree Inspector determines that the danger of infestation to other shade trees is imminent and delay in control measures may put public health, safety or welfare in immediate danger, the Tree Inspector may provide for abatement without following (L) or (M). The Tree Inspector must reasonably attempt to notify the owner or occupant of the affected property of the intended action and the right to appeal the abatement and any cost recovery at the next regularly scheduled City Council meeting.

(2) *Immediate Abatement.* Nothing in this section shall prevent the city, without notice or other process, from immediately abating any condition which poses an imminent and serious hazard to human life or safety.

(P) Recovery of cost of abatement; liability and assessment.

(1) The owner of premises on which a nuisance has been abated by the city shall be personally liable for the cost to the city of the abatement, including administrative costs. As soon as the work has been completed and the cost determined, the City Clerk or other official shall prepare a bill for the cost and mail it to the owner. Thereupon the amount shall be immediately due and payable at the office of the City Clerk.

(2) After notice and hearing as provided in M.S. § 429.061, as it may be amended from time to time, the City Clerk may list the total unpaid charges along with all other charges as well as other charges for current services to be assessed under M.S. § 429.101 against each separate lot or parcel to which the charges are attributable. The City Council may then certify the charges against the property under that statute and other pertinent statutes to the County Auditor for collection along with current taxes the following year or in annual installments as the City Council may determine in each case.

(Q) *Penalty.*

(1) Any person, firm, or corporation who violates any provision of this section shall, upon conviction, be guilty of a petty misdemeanor. The penalty which may be imposed for any violation which is a petty misdemeanor under this section, including Minnesota Statutes specifically adopted by reference, shall be a fine of not more than \$300.

(2) Upon conviction of a petty misdemeanor, the costs of prosecution may be added. A separate offense shall be deemed committed upon each day during which a violation occurs or continues.

(3) The failure of any officer or employee of the city to perform any official duty imposed by this section shall not subject the officer or employee to the penalty imposed for a violation.

(4) In addition to any penalties provided for in this section, if any person, firm or corporation fails to comply with any provision of this section, the City Council or any official designated by it, may institute appropriate proceedings at law or at equity to restrain, correct or abate the violation.

(R) *Declared shade tree pests, control measures and control areas.*

(1) *Oak Wilt.* Oak Wilt is declared a shade tree pest and is defined as any living or dead tree, log, firewood, limb, branch, stump or other portion of a tree from any species of the genus *Quercus* existing within the control area defined that has bark attached and that exceeds three inches in diameter or ten inches in circumference and contains to any degree any spore or reproductive structures of the fungus *Ceratocystis fagacearum*. Control measures prescribed for abating Oak Wilt Disease are:

(a) *Installation of a root graft barrier.* A root graft barrier can be ordered installed to prevent the underground spread of Oak Wilt Disease. The city will mark the location of the root graft barrier. The barrier disrupts transmission of the fungus within the shared vascular systems of root grafted trees. The barrier is created by excavating or vibratory plowing a line at least 42 inches deep between any oak tree infected with Oak Wilt Disease and each nearby and apparently healthy oak tree within 50 feet of the infected tree.

(b) *Removal and disposal of trees on property zoned for residential and commercial use.* On property that is zoned residential and commercial the city may mark for removal trees that have the potential to produce spores of the fungus *Ceratocystis fagacearum*. After, and in no case before the installation of the root graft barrier and no later than May 1 of the year following infection all marked trees must be felled. The stump from such felled trees must not extend more than three inches above the ground or, if taller, must be completely debarked. If, however, after the city prescribes the location for a root graft barrier, the city determines that installation of the barrier is impossible because of the presence of pavement or obstructions such as a septic system or utility line, the city may mark for removal all oak trees whether living or dead, infected or not and located between an infected tree and the marked barrier location. These marked trees must be felled and disposed of no later than May 1 of the year following infection. The stump from such felled trees must not extend more than three inches above the ground or, if taller, must be completely debarked.

(c) *Removal and disposal of trees on all other property.* On all other property the city may mark for removal all oak trees whether living or dead, infected or not and located between an infected tree and the marked barrier location. These marked trees must be felled and disposed of no later than May 1 of the year following infection. The stump from such felled trees must not extend more than three inches above the ground or, if taller, must be completely debarked.

(d) *Wood disposal.* All wood more than three inches in diameter or ten inches in circumference from such felled trees must be disposed of by burying or debarking or chipping or sawing into wane-free lumber or by splitting into firewood, stacking the firewood and immediately covering the woodpile with unbroken 4-mil or thicker plastic sheeting that is sealed into the ground until October 1 of the calendar year following the calendar year in which the tree was felled or by burning before May 1 of the year following infection. Wood chips from infected trees may be stockpiled or immediately used in the landscape.

(e) The control area for Oak Wilt Disease is defined as all lands within the boundaries of the city.

(2) *Emerald Ash Borer*. Emerald Ash Borer is declared a shade tree pest and is defined as an insect that attacks and kills ash trees. The adults are small, iridescent green beetles that live outside of trees during the summer months. The larvae are grub or worm-like and live underneath the bark of ash trees.

(a) Control measures prescribed for abating Emerald Ash Borer are those provided in the document, *Minnesota Emerald Ash Borer Science Advisory Group Recommendations on Preparing for Emerald Ash Borer in Minnesota*.

(b) *Definition of control areas*. The control area for Emerald Ash Borer is defined as all lands within the boundaries of the city.

(3) *Dutch Elm Disease*. Dutch Elm Disease is declared a shade tree pest and is defined as a disease of elm trees caused by the fungus *Ophiostoma ulmi* or *Ophiostoma novo-ulmi*, and includes any living or dead tree, log, firewood, limb, branch, stump or other portion of a tree from any species of the genus *Ulmus* existing within the control area defined that has bark attached and that exceeds three inches in diameter or ten inches in circumference and could contain bark beetles or any spore or reproductive structures of the fungus *Ophiostoma ulmi* or *Ophiostoma novo-ulmi*.

(a) Control measures prescribed for abating Dutch Elm Disease are:

1. *Use of fungicide*. Fungicides may be effective in preventing Dutch elm disease when injected into living trees that do not already show symptoms of Dutch elm disease. Fungicide injections on private lands are optional and, if performed, are at the landowner's expense.

2. *Removal and disposal of trees*. Prompt removal of diseased trees or branches reduces breeding sites for elm bark beetles and eliminates the source of Dutch elm disease fungus. Trees that wilt before July 15 must be removed within 20 days of detection [alternative: 30 days]. Trees that wilt after July 15 must be removed by April 1 of the following year. Diseased trees not promptly removed will be removed by the city at the landowner's expense. Wood may be retained for use as firewood or sawlogs if it is de-barked or covered from April 15 to October 15 with 4 mil plastic. The edges of the cover must be buried or sealed to the ground.

(b) *Definition of control areas*. The control area for Dutch Elm Disease is defined as all lands within the boundaries of the city.

(U) All other conditions or things which are likely to cause injury to the person or property of anyone.

(V) (1) *Noises prohibited.*

(a) *General prohibition.* No person shall make or cause to be made any distinctly and loudly audible noise that unreasonably annoys, disturbs, injures, or endangers the comfort, repose, health, peace, safety, or welfare of any person or precludes their enjoyment of property or affects their property's value. § 92.19 NUISANCE PARKING AND STORAGE.

(A) *Declaration of nuisance.* The outside parking and storage on residentially-zoned property of large numbers of vehicles and vehicles, materials, supplies or equipment not customarily used for residential purposes in violation of the requirements set forth below is declared to be a public nuisance because it (a) obstructs views on streets and private property, (b) creates cluttered and otherwise unsightly areas, (c) prevents the full use of residential streets for residential parking, (d) introduces commercial advertising signs into areas where commercial advertising signs are otherwise prohibited, (e) decreases adjoining landowners' and occupants' enjoyment of their property and neighborhood, and (f) otherwise adversely affects property values and neighborhood patterns.

This maximum number does not include vehicles of occasional guests who do not reside on the property.

(b) Vehicles that are parked or stored outside in the front-yard area must be on a paved or graveled parking surface or driveway area.

(c) Vehicles, watercraft and other articles stored outside on residential property must be owned by a person who resides on that property. Students who are away at school for periods of time but still claim the property as their legal residence will be considered residents on the property.

Penalty, see § 92.99

§ 92.20 INOPERABLE MOTOR VEHICLES.

(A) *Declaration of a nuisance.* Any motor vehicles described in this section constitute a hazard to the health and welfare of the residents of the community in that such vehicles can harbor noxious diseases, furnish a shelter and breeding place for vermin and present physical danger to the safety and well-being of children and citizens; and vehicles containing fluids which, if released into the environment, can and do cause significant health risks to the community.

(B) It shall be a violation of this code to keep, park, store or abandon any motor vehicle which is not in operating condition, partially dismantled, used for repair of parts or as a source of repair or replacement parts for other vehicles, kept for scrapping, dismantling or salvage of any kind, or which is not properly licensed for operation with the state, pursuant to M.S. § 168.13, as it may be amended from time to time.

§ 92.21 BUILDING MAINTENANCE AND APPEARANCE.

(A) *Declaration of nuisance.* Buildings, fences and other structures that have been so poorly maintained that their physical condition and appearance detract from the surrounding neighborhood are declared to be public nuisances because they (a) are unsightly, (b) decrease adjoining landowners and occupants' enjoyment of their property and neighborhood, and (c) adversely affect property values and neighborhood patterns.

(B) *Standards.* A building, fence or other structure is a public nuisance if it does not comply with the following requirements:

(1) No part of any exterior surface may have deterioration, holes, breaks, gaps, loose or rotting boards or timbers.

(2) Every exterior surface that has had a surface finish such as paint applied must be maintained to avoid noticeable deterioration of the finish. No wall or other exterior surface may have peeling, cracked, chipped or otherwise deteriorated surface finish on more than 20% of:

For purposes of §§ 92.22 and 92.23, the Police Department, or Sheriff or person designated by the City Council under § 10.20, if the city has at the time no Police Department, may enforce the provisions relating to nuisances. Any peace officer or designated person shall have the power to inspect private premises and take all reasonable precautions to prevent the commission and maintenance of public nuisances. Except in emergency situations of imminent danger to human life and safety, no police officer or designated person shall enter private property for the purpose of inspecting or preventing public nuisances without the permission of the owner, resident or other person in control of the property, unless the officer or person designated has obtained a warrant or order from a court of competent jurisdiction authorizing the entry, as provided in § 10.20.

§ 92.23 ABATEMENT.

(A) *Notice.* Written notice of violation; notice of the time, date, place and subject of any hearing before the City Council; notice of City Council order; and notice of motion for summary enforcement hearing shall be given as set forth in this section.

(1) *Notice of violation.* Written notice of violation shall be served by a peace officer or designated person on the owner of record or occupant of the premises either in person or by certified or registered mail. If the premises is not occupied, the owner of record is unknown, or the owner of record or occupant refuses to accept notice of violation, notice of violation shall be served by posting it on the premises.

(2) *Notice of City Council hearing.* Written notice of any City Council hearing to determine or abate a nuisance shall be served on the owner of record and occupant of the premises either in person or by certified or registered mail. If the premises is not occupied, the owner of record is unknown, or the owner of record or occupant refuses to accept notice of the City Council hearing, notice of City Council hearing shall be served by posting it on the premises.

(3) *Notice of City Council order.* Except for those cases determined by the city to require summary enforcement, written notice of any City Council order shall be made as provided in M.S. § 463.17 (Hazardous and Substandard Building Act), as it may be amended from time to time.

(4) *Notice of motion for summary enforcement.* Written notice of any motion for summary enforcement shall be made as provided for in M.S. § 463.17 (Hazardous and Substandard Building Act), as it may be amended from time to time.

(B) *Procedure.* Whenever a peace officer or designated person determines that a public nuisance is being maintained or exists on the premises in the city, the officer or person designated may notify in writing the owner of record or occupant of the premises of such fact and order that the nuisance be terminated or abated. The notice of violation shall specify the steps to be taken to abate the nuisance and the time within which the nuisance is to be abated. If the notice of violation is not complied with within

the time specified, the officer or designated person shall report that fact forthwith to the City Council. Thereafter, the City Council may, after notice to the owner or occupant and an opportunity to be heard, determine that the condition identified in the notice of violation is a nuisance and further order that if the nuisance is not abated within the time prescribed by the City Council, the city may seek injunctive relief by serving a copy of the City Council order and notice of motion for summary enforcement or obtain an administrative search and seizure warrant and abate the nuisance.

(C) *Emergency procedure; summary enforcement.* In cases of emergency, where delay in abatement required to complete the notice and procedure requirements set forth in divisions (A) and (B) of this section will permit a continuing nuisance to unreasonably endanger public health safety or welfare, the City Council may order summary enforcement and abate the nuisance. To proceed with summary enforcement, the officer or designated person shall determine that a public nuisance exists or is being maintained on premises in the city and that delay in abatement of the nuisance will unreasonably endanger public health, safety or welfare. The officer or designated person shall notify in writing the occupant or owner of the premises of the nature of the nuisance and of the city's intention to seek summary enforcement and the time and place of the City Council meeting to consider the question of summary enforcement. The City Council shall determine whether or not the condition identified in the notice to the owner or occupant is a nuisance, whether public health, safety or welfare will be unreasonably endangered by delay in abatement required to complete the procedure set forth in division (A) of this section, and may order that the nuisance be immediately terminated or abated. If the nuisance is not immediately terminated or abated, the City Council may order summary enforcement and abate the nuisance.

(D) *Immediate abatement.* Nothing in this section shall prevent the city, without notice or other process, from immediately abating any condition which poses an imminent and serious hazard to human life or safety.

Penalty, see § 92.99

§ 92.24 RECOVERY OF COST.

(A) *Personal liability.* The owner of premises on which a nuisance has been abated by the city or a person who has caused a public nuisance on a property not owned by that person shall be personally liable for the cost to the city of the abatement, including administrative costs. As soon as the work has been completed and the cost determined, the City Clerk or other official shall prepare a bill for the cost and mail it to the owner. Thereupon the amount shall be immediately due and payable at the office of the City Clerk.

(B) *Assessment.* After notice and hearing as provided in M.S. § 429.061, as it may be amended from time to time, if the nuisance is a public health or safety hazard on private property, the accumulation of snow and ice on public sidewalks, the growth of weeds on private property or outside the traveled portion of streets, or unsound or insect-infected trees, the City Clerk shall, on or before September 1 next following abatement of the nuisance, list the total unpaid charges along with all other charges as well as other charges for current services to be assessed under M.S. § 429.101 against each

separate lot or parcel to which the charges are attributable. The City Council may then spread the charges against the property under that statute and other pertinent statutes for certification to the County Auditor and collection along with current taxes the following year or in annual installments, not exceeding ten, as the City Council may determine in each case.

Mobile cooking devices such as manufactured hibachis, charcoal grills, wood smokers, and propane or natural gas devices are not defined as "open burning."

RECREATIONAL FIRE. Penalty, see § 92.99

§ 92.68 DENIAL OF OPEN BURNING PERMIT.

If established criteria for the issuance of an open burning permit are not met during review of the application, it is determined that a practical alternative method for disposal of the material exists, or a pollution or nuisance condition would result, or if a burn event safety plan cannot be drafted to the satisfaction of the Fire Chief, Fire Marshal, or Assistant Fire Marshals, these officers may deny the application for the open burn permit.

§ 92.69 BURNING BAN OR AIR QUALITY ALERT.

(A) The designated fire official is authorized to determine when conditions make open burning potentially hazardous and declare a burning ban within the city.

(B) No recreational fire or open burn will be permitted when the city or DNR has officially declared a burning ban due to potential hazardous fire conditions or when the MPCA has declared an Air Quality Alert.
